

NOCA National Paediatric Diabetes Audit Feasibility Study Steering Committee Professional Body Nomination Form

BACKGROUND

The National Office of Clinical Audit (NOCA) are in the process of establishing a steering committee to oversee an initial feasibility study for a National Audit of Paediatric Diabetes in Ireland. The purpose of this study is to determine the scope and parameters for inclusion in a national audit of paediatric diabetes.

The brief includes:

- Review of the literature to identify parameters prone to variations in quality of care amenable to measurement and audit.
- Engagement with the healthcare community to garner support for the national clinical audit for paediatric diabetes.
- Consideration of the child to adult transition pathway in a national clinical audit.
- Consideration of a variety of possible national clinical audit designs.

NOCA is now seeking a HSCP representative from the professions of Psychology, Social Work and Dietetics to represent these key disciplines on the group. The term of the Steering Committee will be six months commencing in January '21.

ROLE REQUIREMENTS

- ✓ Relevant service planning and development experience
- ✓ Expertise and interest in paediatric diabetes
- ✓ Ability to collaborate with other group members
- ✓ Leadership and influencing skills
- ✓ Ability to commit to the time required to participate in this role
- ✓ Line manager support to release staff member from core work to take up this role

Commitment to the steering committee requires attendance at 2-3 meetings throughout the term of the feasibility study with the possibility of some additional meetings – all envisaged to be virtual.
